

CTEVT

ANNUAL REPORT 2071/72

Council for Technical Education and Vocational Training
Research and Information Division
Santhomi, Bhaktapur

February, 2016

PREFACE

It is a great pleasure of Council for Technical Education and Vocational Training to publish the first edition of Annual Report. Although Research and Information Division of CTEVT has been publishing various publications, this volume as an Annual Report is the first publication of its kind which incorporates major activities and achievements of the previous Fiscal Year (2071/72) as an synergic efforts of the CTEVT system together with its 529 long term training providing institutions.

Council for Technical Education and Vocational Training (CTEVT) is an autonomous organization established under Council for Technical Education and Vocational Training Act. 2045 with objectives of coordinating TVET activities in the country, producing basic to higher level technical human resources; and certifying and accrediting skills that are learned formally, informally and non-formally. Since then, CTEVT has remarkably expanded and developed the TVET landscape in the country. More than five hundred long term TTPs and almost in equal number of short term TTPs are currently operating their TVET activities through out the country under CTEVT. Besides, it develops TVET curricula, conducts research and studies, monitors and evaluates TVET programs to ensure its quality and carry out coordinating activities among various TVET stakeholders. This annual report incorporates the major activities and achievements of the past under the above mentioned responsibilities.

On the one hand, this Annual Report acts as mirror for the organization to review its activities of the past thus provides crucial feedback to formulate future plans and policies and on the other hand, it is also expected to be beneficial to wide range of TVET stakeholders to be informed and acquainted with about its programs, activities and achievements. We also express our commitments to continue this publication in the future in a more refined and informative way.

Ramhari Lamichhane, Ph.D.

Member Secretary

ACRONYMS AND ABBREVIATION

AAM	Acupuncture Acupressure and Moxibustion
APSDEP	Asia Pacific Skill Development Project
AC	Air Conditioning
ANM	Auxiliary Nurse Midwifery
CMA	Community Medicine Assistant
CTEVT	Council for Technical Education and Vocational Training
DTVE	Directorate of Technical and Vocational Education
EL	Elementary Level
Ele/Elex	Electrical and Electronics
HA	Health Assistant
I. Sc.	Intermediate in Science
ILO	International Labour Organization
JTA	Junior Technical Assistant
MoE	Ministry of Education
NESP	New Education System Plan
NSTB	National Skill Testing Board
NVQF/S	National Vocational Qualification System
NVTC	National Vocational Training Center
OIS	Occupational Instructional Skills
OSU	Occupational Skill Upgrading
PCL	Proficiency Certificate Level
PPCP	Public Private Community Partnership
QIP	Quality Improvement Program
RPL	Recognition of Prior Learning
STA	Skill Testing Authority
TECS	Technical Education in Community School
TITI	Training Institution for Technical Instruction
TSLC	Technical School Leaving Certificate
TVET	Technical and Vocational Education and Training
V/PJTA	Junior Technical Assistant in Veterinary/ Plant Science

1. INTRODUCTION

1.1 Background

The Council for Technical Education and Vocational Training (CTEVT), has a long history of efforts made for its development. The current TEVT sector can be traced back to 1930 when an engineering school was established to produce skilled workforce. Similarly, the Butwal Technical Institute (1962 A.D.) and the Balaju Technical Training Center (1963 A.D.), (then Mechanical Training Center) have been milestone for producing trained and skilled human resources in the country. On the recommendation of the National Education Commission (1954 A.D.), secondary level curricula and regulations were amended to accommodate vocational education in secondary and multi-purpose secondary schools. This decade was important for the opening for National Vocational Training Center (NVTC) and for the implementation of the New Education System Plan (NESP) which introduced vocational education in every secondary school throughout the country.

The formal system of technical education evolved after 1980 when the Karnali Technical School was established as the first technical school. After the withdrawal of National Education System Plan (NESP), a Technical and Vocational Education Committee was formed with the responsibility of managing technical schools. This was followed by the establishment of Directorate of Technical and Vocational Education (DTVE), which was a division of Ministry of Education (MoE).

The directorate's functions were to coordinate the training activities of technical schools, design curricula, conduct final examination and certify successful candidates, approve the programs of each technical school and allocate resources.

Before the establishment of CTEVT, some technical schools were under the DTVE and some were under Tribhuvan University. Later, the need of coordinating and facilitating body for the overall development of Technical and Vocational Education System was realized.

Thus, after series of efforts, the CTEVT was formed legally under the Technical Education and Vocational Training (TEVT) Act in 2045 B.S. (1989 A.D.). In 1993 A.D., it was re-organized by the amended TEVT Act.

CTEVT headquarter is established in Sanothimi, Bhaktapur. The Council has now its own 1 Training Institute for Technical Instruction (TITI), 40 Constituted Technical School (including under-construction Polytechnics and 2 Rural Training Centers). In addition, 530 TSLC Training Institutes 233 PCL/Diploma level including Partnership Program) are affiliated to CTEVT and 357 Short Term Training Centers are affiliated to CTEVT as well. In addition, there are 73 Public Schools under TECS (Technical Education in Community Schools) program. Therefore, it has now big challenge and responsibilities ahead for the successful execution and implementation of the TVET programs.

CTEVT, a national autonomous apex body of Technical and Vocational Education and Training (TVET) sub-sector in Nepal is mainly responsible for policy formulation, program coordination, quality assurance and program implementation. CTEVT has been mandated for offering technical and vocational education and short term vocational training by CTEVT act 1989.

It has an assembly consisting of 24 members and a governing board known as 'Council' comprising nine members. Minister of Education chairs both the Assembly and the Council. The Council has a full time Vice-Chairperson and a Member-Secretary.

1.2 Vision - 2030

Skilling Nepal for People's Prosperity.

1.3 Mission

CTEVT is a vibrant organization promoting TVET system to develop a competent workforce for national and international market needs.

1.4 Objectives

- To establish the inclusive and equitable approach of the interested citizens by making wide extension of the opportunities of the technical education and vocational training so as to prepare the capable, efficient, competitive and productive workforce for the economic development of country and to create the opportunity of employment for all.
- To provide appropriate, contextual and qualitative technical education and vocational training in consonance with the demand of the national and international labour market by making identification, protection, promotion and development of the traditional skill, capacity and qualification and by covering the skills which are learnt formally or informally.
- To make maximum utilization of resources and means by proceeding the technical education and vocational training providers in a coordinative manner.

1.5 Goals

In order to achieve and attain the mission and vision, CTEVT has set the following six goals:

1. Expand TVET programs for ensuring access and equity
2. Ensure quality, relevant and efficient TVET system
3. Enhance effectiveness and efficiency of CTEVT management
4. Establish NVQF to ensure its compatibility with education framework
5. Extend technical input to establish TVET Fund
6. Establish effective coordination with and among TVET Stakeholders

This annual report has briefly explained on the achievement towards this goals.

1.6 General Information of the Organization

Presently, CTEVT is not limited within an organization. It is a system with various organizations and institutions with major responsibilities of producing technical human resources, recognition of prior learning (RPL), quality assurance of TVET programs as well as coordinating and facilitating the activities of whole TVET sub-sector of Nepal. National Skill Testing Board, Controller of Examination, Training Institute for Technical Instruction (TITI) are the wings of CTEVT having limited operational autonomy. Besides, it has 3 regional offices, 15 constituent institutes running for long term training, and other various partnerships and affiliated institutions. Moreover, Seventeen polytechnic institutes are under the phase of construction in various parts of the country. The followings are some basic information about the CTEVT system.

Bheri Technical School, Nepalgunj Banke

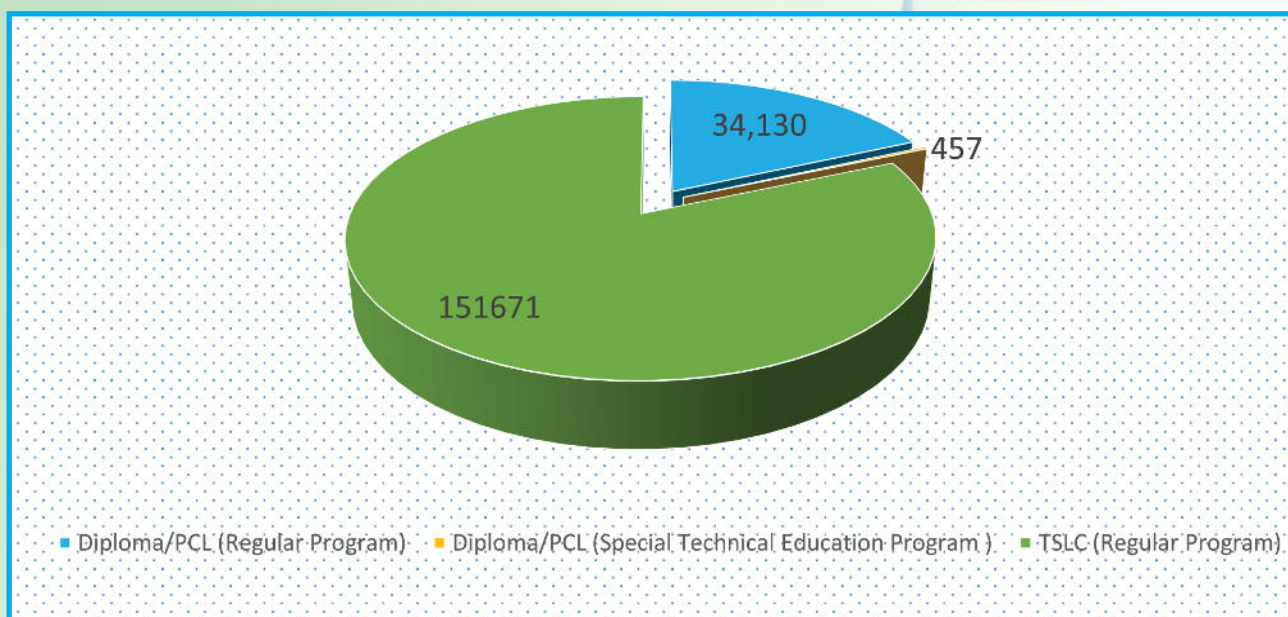

Establishment	2045/11/12

Total Enrolment Capacity for 29 Months TSLC Programs	3,309
Total Number of Institutes Running Long Term Programs	529
Total Number of Long Term Programs	1,024
Total Enrolment Capacity of Long Term Program	40,721
Total Number of Affiliated Institutes for Short Term Program	442
Total Number of Affiliated Short Term Programs	4417

¹ PPCP Stands for Public, Private and Community Partnership

2. DELIVERY OF ACADEMIC AND TRAINING PROGRAMS

CTEVT mainly carries out the various activities focusing on the above mentioned goals of the strategic plan 2014-2018. As always, the major achievements and outputs of CTEVT in the fiscal year 2071/72 are delivery of the long term and short term trainings, curricula development and revision, recognition of prior learning or skill test), expansion and extension of TVET institutions and activities, assurance of quality and relevancy of TVET programs, enhancing effectiveness and efficiency of TVET management with organizational and staff development and facilitation and coordination among various TVET stakeholders for uniformity of training programs. Till Fiscal Year 2071/72, CTEVT has produced 186,298 graduates from the long term training programs including 3 years diploma and 15 and 18 months TSLC programs. The total number of graduates produced in the diploma level program and 15 and 18 months TSLC level program are 34130 and 151671 respectively. Some major outputs and achievements of Fiscal Year 2071/72 are reflected in detail in the following sub-topics.

Chart 2.1: Disaggregated Figure of Graduates by Level

2.1 Delivery of the Long Term Training Programs

CTEVT is presently running three types of long term training programs- Three Years Diploma Level Program, 15 Months TSLC Level Program and 29 Months TSLC Program. Enrolment figures in the corresponding long term training programs in Academic Year 2071/72 are given hereunder.

Table 2.1: Enrolment in Three Years Diploma Level of Programs

SN	Name of Program	2070		2071	
		Institute	Enrolment	Institute	Enrolment
1	Proficiency Certificate in Nursing	96	3837	97	3869

2.2 Details of Special Scholarship Program

Due to various situations large number of communities couldn't be streamlined in the mainstream of Technical Education. CTEVT, under the support of Government of Nepal, has therefore started special TVET programs for Dalit and Muslim girls from selected 8 districts of Tarai Region which was later extended to endangered ethnicities, poor and disadvantaged groups and youth from all over Nepal. In the Fiscal Year 2071/72, 400 students were selected and enrolled in 3 Years Diploma Level Programs from these groups as well as Dalit of Karnali Zone. Similarly 742 students were being enrolled in the fiscal year 2070/71 in the 8 different TVET programs as mentioned in the table below.

Table 2.4 : Enrolment Details of Special TVET Programs

SN	Name of Programs	Enrolled in FY 2070/71				Enrolled in FY 2071/72			
		E ²	D	M	T	E	D	M	T
1	Proficiency Certificate in Nursing	38	290	31	359	80	80	40	200
2	Certificate in General Medicine	23	25	25	73	50	40	30	120

7	TSLC in Agriculture (PJTA)	10	5	0	15				
8	Total	144	523	75	742	160	160	80	400

2.3 Details of Constituent Schools

Presently fifteen constituent schools of CTEVT are running various long term programs under three categories e.g. three years diploma level programs, 15 months TSLC Level Programs, and 29 months TSLC Level Programs. The table below shows program-wise Enrolment Capacity, Enrolled Number of reporting year and Number of Graduates till the reporting period that is fiscal year 2071/72.

Table 2.5: Details of Diploma Level Programs

2.4 Delivery of Short Term Training Program

Skill Development Project in the support of Asian Development Bank is carrying out various short term training activities in the various occupations under the sector of Construction, Manufacturing and Services. In the fiscal year 2071/72, the corresponding number of trainees, graduates and skill test passed candidates in the respective occupation is reflected in the table below.

Table 2.8 : Short Term Training under Skill Development Project.

3. CURRICULA DEVELOPMENT

Curricula Development is one of the major responsibilities of CTEVT. National Curricula Development Committee under the Vice-chairperson of CTEVT approves all types of TVET curricula not only for CTEVT but also for TVET sub-sector of Nepal as a whole. CTEVT presently has 33 diploma level curricula, 45 TSLC level curricula and 155 curricula for short term level courses. During Fiscal Year 2071/72, Curricula Development Division of CTEVT has developed 2 diploma level curricula and 23 short term level curricula. Similarly it has also revised 19 existing short term curricula, 10 TSLC level curricula and 6 diploma level curricula during the reported period. To achieve this, the division has involved incumbent workers related to industry, training institution and migrant worker. The detail list of developed and revised curricula are as follows.

List of revised and developed curricula in the Fiscal Year 2071/72.

i. Revised Short Term Curricula

- | | |
|-------------------------------------|--------------------------------------|
| 1. Offset Printing Machine Operator | 2. Assistant Studio Photographer |
| 3. Computer Operator | 4. Shuttering Carpenter |
| 5. Telecom outside Technician | 6. Building Electrician |
| 7. Assistant Massage Therapist | 8. Physical Rehabilitation Assistant |
| 9. Fruit Processor | 10. Bar Bender |
| 11. Flower Decorator | 12. Garden Designer |
| 13. Assistant Tea Technician | 14. Assistant Coffee Technician |
| 15. Nursery and Garden Assistant | 16. Assistant Furniture Maker |
| 17. Assistant Beautician | 18. Telecom technician |
| 19. Tile & Marble Fitter. | |

ii. Revised TSLC Curricula

1. TSLC in Community Medicine Assistant (Pre SLC intake)
2. TSLC in Mechanical Engineering (pre SLC Intake)
3. TSLC in Civil Engineering (Pre SLC intake)
4. TSLC in Community Medicine Assistant (Post SLC intake)
5. TSLC in Computer Application and Secretarial Management (Post SLC Intake)
6. TSLC in Civil Engineering (Post SLC intake)
7. TSLC in Agriculture Plant Science (post SLC intake)
8. TSLC in Computer Engineering (Former Junior Computer Technician) (post SLC intake)
9. TSLC in Automobile Engineering (Pre SLC intake)
10. TSLC in Sanitation Engineering (Pre SLC intake)

iii. Revised Diploma Level Curricula

- | | |
|--|---|
| 1. Diploma in Pharmacy | 2. I.Sc. in Agriculture (Plant Science) |
| 3. I.Sc. in Agriculture (Animal Science) | 4. Diploma in Electronics Engineering |
| 5. Diploma in Mechanical Engineering | 6. Diploma in Electrical Engineering |

iv. Newly developed short term level curricula.

1. Offset Printing Machine Operator
3. Singer
5. Backhoe Loader Operator
7. Geo Engineering Assistant Lab Technician
9. Furniture Maker (Level -2)
11. Tailor (Level -2)
13. Mobile Phone Repair Technician (Level -2)
15. General Cook Commis II (Level -2)
17. Aluminum Fabricator
19. Junior Fishery Technician
21. Banana Farming Technical Assistant
23. Industrial Machine Operator,
2. Paralegal Legal Assistant
4. Excavator Operator
6. Ginger Farmer
8. Child Protection Worker
10. Beautician (Level -2)
12. Building Electrician (Level -2)
14. Structural Fabricator (Level -2)
16. Community Live Stock Level -2
18. Garment Fabricator
20. Junior Rice Mill (Machine) Operator
22. Junior Book Binder

Newly Developed Diploma Level Curricula

1. Diploma in Architecture (3 years after SLC)
2. Diploma in Bio Medical Equipment Engineering (18 months after plus 2 science)

4. RECOGNITION OF PRIOR LEARNING (SKILL TEST)

Skill testing activity was initiated in Nepal in 1983 through an autonomous body called Skill Testing Authority (STA), which introduced a system of occupational classification, development of skill standards, skill testing and certification based upon the guidelines of Asia Pacific Skill Development Project/ International Labor Organization (APSDEP/ILO). After CTEVT was constituted in 1989, the STA was placed under the umbrella of CTEVT as National Skill Testing Board (NSTB). Since then the Board has been functioning as the secretariat of National Skill Testing Board (NSTB), which has been attached to the council. Till date, NSTB has developed National Occupational Skill Standards/ Profiles of 276 different occupations. Similarly skills of 310,402 craft persons have been tested and 220,611 succeeded participants have been certified (See Table 4.1 and 4.2).

A skill test is the corresponding performance test based on the occupational skill standard which must be demonstrated by every individual to obtain a "NATIONAL SKILL CERTIFICATE" indicating that the certificate holder meets the requirements of a trade/occupation.

Table 4.1: Year Wise Applicants and Graduates Record of Skill Test

SN	Level	Up to FY 2069/70		FY 070/71		FY 071/72		Total	
		App.	Grad.	App.	Grad.	App.	Grad.	App.	Grad.
1	Elementary	8977	7853	0	0	23	0	9000	7853
2	Level-1	162248	129371	50601	33687	52970	33654	265819	196712
3	Level-2	18890	9408	4245	1617	6283	2821	29418	13846
4	Level-3	4765	1746	633	191	720	226	6118	2163
5	Level-4	47	37	0	0	0	0	47	37
	Total	194927	148415	55479	35495	59996	36701	310402	220611

During the fiscal year 2071/72, National Skill Testing Board has developed 11 skill standards and conducted skill test for 59,996 applicants, out of them 61.17% has passed the test. The table below depicts detailed picture for level wise skill standard and skill test.

Applicants demonstrating their skills for Skills Test

Table 4.2: Details of Occupational Skill Standard Developed

SN	Occupational Sector	Developed till End of Ashad 2070					Total	Developed During FY 2071/72					Total	Developed Till Date					Total

5. EXTENSION AND EXPANSION OF TVET PROGRAMS

Council for Technical Education and Vocational Training is presently running four types of institutions they are constituent institutes, affiliated schools running under the private sector and Technical Education in Community Schools and institutions running under the partnership with local community. One of the major objectives of CTEVT as per the TVET Policy 2012 as well as Strategic Plan 2014-2018 is to increase the access of TVET program equitably to all parts of the country and every marginalized communities. Accreditation Division of CTEVT is responsible to check prerequisites and grant affiliation to private institutes to run the TVET program as per the guidance of these documents. Similarly, TVET Expansion Unit is working to design and build infrastructures for establishing new polytechnic institutes as well as to renovate the old ones. The table below gives the detail of the programs that was expanded in the the reporting period.

Table 5.1: Affiliation to Three Years Diploma Programs

SN	Name of Programs	Programs	
		Affiliated in FY 2071/72	Total Programs
1	Proficiency Certificate in Nursing (Staff Nurse)	12	109
2	Proficiency Certificate in General Medicine (HA)	0	47
3	Diploma in Civil Engineering	7	39
4	Certificate in Medical Laboratory Technician	1	48
5	Intermediate in Agriculture Science	14	25
6	Diploma in Pharmacy	0	28
7	Diploma in Computer Engineering	6	23
8	Diploma in Electrical Engineering	4	15
9	Diploma in Radiography Radiography	0	18
10	Diploma in Electronics Engineering	0	10
11	Certificate in Dental Science	0	8
12	I.Sc. in Agriculture (Animal Science)	3	5
13	Diploma in Mechanical Engineering	2	5
14	Diploma in Ophthalmic Science	-	5
15	Diploma in Architecture Engineering	0	4
16	Certificate in Ayurveda General Science	0	3
17	Diploma in Hotel Management	0	3
18	Diploma in Surveying	-	1
19	Diploma in Food technology	0	2
20	Diploma in Information Technology	1	1
21	Diploma in Homeopathy	0	1
22	Diploma in AAM	0	1
23	Diploma in Forestry	0	1
24	Diploma in Electrical /Electronics	0	1
25	Diploma in Auto mechanics	-	1
26	Diploma in Biomedical Equipment Engineering	-	1

Table 5.2: Affiliation to TSLC Program (Pre SLC Intake)

SN	Name of Programs	Programs	
		Affiliated in FY 2071/72	Total Programs
1	TSLC in Laboratory Technology	1	87
2	TSLC in Civil Engineering	0	87
3	TSLC in Community Medicine Assistant	1	82
4	Junior Technical Assistant (Livestock)	4	54
5	Junior Technical Assistant in Plant science	1	38
6	TSLC in Auxiliary Nurse Midwifery	2	50
7	TSLC in Electrical Engineering	(2) ⁴	39
8	TSLC in Survey Engineering	1	27
9	TSLC in Computer Engineering	(1)	8
10	TSLC in Ayurveda	1	14
11	TSLC in Social Mobilization	(1)	8
12	Entrepreneurship Development	1	4
16	TSLC in Mechanical Engineering	0	7
17	TSLC in Culinary Art	(1)	3
18	TSLC in Animal/Plant Science	1	6
19	Community Amchi Assistant	0	1
20	TSLC in AAM	(1)	1
21	TSLC in Auto-mechanics Engineering	0	3
22	TSLC in Textile and Sericulture	0	1
22	Office Management	0	2
24	TSLC in Electrical Engineering	1	1
25	TSLC in Ref. and A/C Engineering	0	1
26	Plumbing	0	1

Table 5.3: Expansion of Polytechnic Institutes

SN	Name of Polytechnic Institute	Progress in Fiscal Year 2071/72		Present Status
1	Bhim Dutta Polytechnic Institute, Patan Baitadi	Ongoing	Construction	Ongoing Construction
2	Tikapur Polytechnic Institute, Tikapur, Kailali	Ongoing	Construction	Preparation to conduct program
3	Rolpa Polytechnic, Rolpa	Ongoing	Construction	Ongoing Construction
4	Dhawalagiri Polytechnic, Baglung	Ongoing	Construction	Ongoing Construction
5	Agro-forestry Polytechnic, Arghakhanchi	Ongoing	Construction	Ongoing Construction

SN	Name of Polytechnic Institute	Progress in Fiscal Year 2071/72	Present Status
6	Madan Pokhara Polytechnic, Madanpokhara, Palpa	Ongoing Construction	Ongoing Construction
7	Gorkha Polytechnic Paluntar, Gorkha	Partly Completed	Preparation to conduct program
8	Jaya Kishan Polytechnic Institute, Rautahat	Ongoing Construction	Preparation to conduct program
9	Gaur Nursing College, Gaur, Rautahat	Partly Completed	Preparation to conduct program
10	Narayani Polytechnic Institute, Bharatpur, Chitwan	Ongoing Construction	Preparation to conduct program
11	Sankarapur Polytechnic, Shankhu, Kathmandu	Partly Completed	Preparation to conduct program
12	Dhading Polytechnic Institute, Dhading	Ongoing Construction	Ongoing Construction
13	Santa Alpamai Ram Narayan Nursing Collage, Malangawa, Sarlahi	Completed	Preparation to conduct program
14	BP Memorial Polytechnic, Saphi, Dhanusha	Partly Completed	Preparation to conduct program
15	Ramechhap Polytechnic, Ramechhap	Ongoing Construction	Ongoing Construction
16	Ratna Kumar Bantawa Polytechnic Institute, Sankhejung, Illam	Ongoing Construction	Ongoing Construction

Construction of polytechnic institutes are ongoing- BP Memorial Polytechnic Institute Dhanusha (Left) & Bhimdatta Polytechnic, Baitadi (Right)

5.1 TECS Program

Besides its constituent technical schools and affiliated private institutes, CTEVT has started Technical SLC programs in community high schools since 2057 B.S. as a different modality. The main purpose behind initiating this concept is to decentralize technical program far from city areas, make program cost effective using existing physical infrastructures and administration, and bridge the gap between technical programs with local needs thereby increase the access of target groups. Since the initial years, only TSLC programs have been running under these high schools. But after 2069/70, diploma level programs are also being affiliated to those TECS modality schools. The following information gives the expansion detail for these types of schools.

Table 5.4: Details of TECS Modality Schools

SN	Types of Program	Added in Fiscal Year 2071/72	Programs Till Now
1	TSLC Programs (Pre-SLC intake)	4	60
2	3 Years Diploma Level Programs	15	29
3	15 Months TSLC Programs	2	19
4	Number of Total Program	21	108

Table 5.5: Trends of Enrolment and Graduates of TECS Programs

SN	Academic Year	Capacity	Enrolment	Graduates
1	2069/070	2240	1839	6336
2	2070/071	2878	2542	7642
3	2071/072	2878	2550	9652

Shree Rastriya Higher Secondary School Chandrauta Kapilvastu: An example of TECS modality school

6. QUALITY ASSURANCE

Quality assurance of TVET program is another foremost responsibility of CTEVT. The Technical Division, which is responsible for quality assurance is liable to conduct monitoring and supervision activities mainly of the affiliated technical institutes. The technical division conducts monitoring and supervision with the help of other divisions as well as three regional offices. In the Fiscal Year 2071/72, 374 diploma level programs and 320 TSLC Programs were monitored and supervised. The details of the monitoring results is as follows.

Table 6.1: Brief Figure of Monitoring and Supervision Result

SN	Type of Program	Total Number	Number of Adequate Programs	Number of Inadequate Program ⁴
1	TSLC Program	374 (319)	357(305)	17 (14)
2	Diploma Program	320 (180)	306(167)	14(13)
3	Total Program	649	663	31

Chart 6.1: Result of Monitoring and Supervision

⁴ Figure in parentheses indicates the institutes.

7. RESEARCH AND DEVELOPMENT

The role of research and development, knowledge management and information dissemination is emerging as a major sector of any organization to bring effectiveness in its delivery. Research and Information Division, which is taking the responsibility, is collecting, processing and disseminating information that is usually needed for the the planners, policy makers and other stakeholders of CTEVT in particular and TVET Sector in general. For this to achieve, it conducts several studies including Market Survey, Tracer Studies, Impact Studies, Feasibility Studies for establishing new technical as well as polytechnic institutes and publish report and disseminate information accordingly. Presently it is also working on establishing Labour Market Information System and Integrated Training Management System and making efforts to operationalize it. During Fiscal Year 2071/72, Research and Information Division carried out several research studies and other activities which are as follows.

Research Report Prepared:

1. National Skilled Human Resource Projection in Health and Engineering Profession,
2. Global Demand Assessment for Nepalese Skilled Workforce (A study based on advertisement Analysis)
3. A Rapid Assessment of Relevancy of 29-Month TSLC Program

Ongoing Research Activities:

- Tracer Study of Graduates of Diploma and TSLC Programs Under CTEVT
- Impact Study of Karnali Technical School Jumla
- Labour Market Survey to Identify the Emerging Needs of Technical Human Resources in the Country
- Labour Market Signaling Analysis on Demand of Nepalese Skilled Workforce in Abroad Job Market

Other Activities:

- Installation of Integrated Training Management System (ITMS) with Examination System, Affiliation System and Training Management Information System
- Institutionalization of Knowledge Management and Networking System in the TVET Sub-sector
- Publication of CTEVT New Bulletins, TVET Development Journal, A Profile of Technical Training Providers.

8. HUMAN RESOURCE MANAGEMENT AND DEVELOPMENT

8.1 Human Resource Management

Career development for staffs is the major and most significant task of motivation. Administration Division looks on the placement and promotional activities as the regular activities of the organization. During the fiscal year 2071/72, the total newly appointed staffs in disaggregated forms is presented in the following table.

Table 8.1: Brief Figure of Level Wise Recruitment and Promotion

SN	Position	Open Competition	Limited Competition	Internal Competition	Under Performance Evaluation
1	Officer Level Third	34	26	9	7
2	Assistant Level I	17	19	-	13
3	Assistant Level II	21	16	-	-
4	Total	72	61	9	20

8.2. Human Resource Development

During the fiscal year 2071/72, the following numbers of staffs and other human resources of other TVET related organizations were capacitated by various short term in-service training and longer term higher education degrees as mentioned hereunder in the table 8.2. Similarly TITI has conducted 4084.2 persons/week training for 1723 human resources including 885 males and 838 females. During the reporting period, 25 case studies of skills cards were also developed.

Table 8.2: Brief Figure of Career Development Opportunities of Staffs

S.N	Activity	Duration	Total Staffs	Male	Female
Achievement of Fiscal Year 2071/72					
1	OSU,OIS,QIP (Short-Term TITI)	1-4 Weeks	153	146	7
2	Bachelor in Technical Education	4 years	2	2	0
3	Masters in Technical Education	2 years	6	6	0
Proposed for the Fiscal Year 2072/73					
1	Bachelor in Technical Education	4 years	8	5	3
2	Master in Technical Education	2 years	9	8	1
